<p><b>Property tax</b> Both real and personal property are assessed at 50% of current true cash value. The millage rate will depend on the taxing jurisdiction of the business site. Michigan's average non-homestead property tax rate was 52.38 mills, or \$52.38 per \$1,000, of assessed property. Commercial personal property is exempt from 12 mills. Inventory, pollution control equipment, and special tooling are exempt.</p> <p>Available property tax abatements are negotiated locally. There is a 100% new personal property exemption available in specified communities. Also, 50% abatements for up to 12 years for real property are available to industrial processors and 50% abatements for up to 12 years for real and personal property for high tech companies. Rehabilitation projects can be abated 100%. Michigan also has tax-free Renaissance Zones, effectively eliminating general property taxes.</p> <p>As of August 5, 2014, Michigan began phasing out its personal property tax (PPT) for qualifying personal property. More specifically, the term refers to all personal property located on real property where that personal property is used more than 50% of the time in industrial processes or in supporting industrial processes.</p>	<p><b>Property tax</b> Property taxes in Indiana are administered at the local level with oversight by the Indiana Department of Local Government Finance.
