

SUMMARY OF MICHIGAN AND NEW YORK TAXES

MICHIGAN	NEW YORK
<p>Business tax Michigan levies a flat 6% corporate income tax on firms structured as C-corporations. Income for other business entities flows through to the owners' personal income taxes and is taxed at a flat personal income tax rate of 4.25%.</p> <p>The Tax Foundation ranks Michigan's corporate tax system 8th and its overall business climate 12th.</p>	<p>Business tax New York's general business corporate rate is 6.5%.</p> <p>The Tax Foundation ranks New York's corporate tax system 7th and its overall business climate 49th.</p>
<p>Property tax Both real and personal property are assessed at 50% of current true cash value. The millage rate will depend on the taxing jurisdiction of the business site. Michigan's average non-homestead property tax rate was 52.38 mills, or \$52.38 per \$1,000, of assessed property. Commercial personal property is exempt from 12 mills. Inventory, pollution control equipment, and special tooling are exempt.</p> <p>Available property tax abatements are negotiated locally. There is a 100% new personal property exemption available in specified communities. Also, 50% abatements for up to 12 years for real property are available to industrial processors and 50% abatements for up to 12 years for real and personal property for high tech companies. Rehabilitation projects can be abated 100%. Michigan also has tax-free Renaissance Zones, effectively eliminating general property taxes.</p> <p>As of August 5, 2014, Michigan began phasing out its personal property tax (PPT) for qualifying personal property. More specifically, the term refers to all personal property located on real property where that personal property is used more than 50% of the time in industrial processes or in supporting industrial processes.</p>	<p>Property tax Real property is subject to taxation; assessment levels are determined locally. Personal property is not taxed.</p> <p>Inventory, machinery, and other personal property are not taxed.</p> <p>Limited abatements are available. New or improved commercial facilities are eligible for abatement. Maximum abatement is 50% of any increase in value in the first year following completion, declining 5% every year for the succeeding nine years.</p>
<p>Workers' Compensation Insurance Michigan allows open competition among insurance carriers in setting rates, allowing Michigan companies to shop for the best prices from among more than 300 insurance carriers. Actual costs will be determined by many factors, such as the selected insurance carrier, occupation code, and payroll.</p>	<p>Workers' Compensation Insurance New York allows open competition among insurance carriers in setting rates.</p>
